

Study Participants Needed

Researchers at Kennesaw State University are conducting a study to evaluate the effectiveness of cybersecurity training programs and games. The participants will use a Headset that non-invasively and unobtrusively will read his/her brain signals while taking the training session.

You may be eligible to participate if you:

- Are between the ages of 18-65 years old.
- Are you faculty / staff / student of KSU
- Are willing to use a headset while taking KSU cybersecurity training and/or games.

Eligible participants will participate in one study visit lasting up to 30 minutes. This visit involves the use of a headset and a computer to play games/training related to cybersecurity. Brain signals will be collected by the headset non-invasively and unobtrusively.

There is a compensation of \$50 in a gift card for your participation.

The study will be conducted at Kennesaw State University, Marietta Campus, Atrium Building, Room J305. The principal investigators are Dr. Maria Valero and Dr. Lei Li

If you want to participate, please email to mvalero2@kennesaw.edu or lli13@kennesaw.edu
