

# **ENGLISH 2110: WORLD LITERATURE**

## ***A Course in the General Education Program***

**Program Description:** The General Education Program offers a solid, comprehensive foundational academic experience for all Kennesaw State University students. In a series of interrelated courses in the liberal arts and sciences, it provides the opportunity for them to acquire the intellectual skills and knowledge characteristic of educated persons in a diverse, global community. Thus, it lays the basis for success in academic, professional, and personal arenas. Whereas the major program contributes depth to a college education in a designated specialization, the General Education Program provides breadth of understanding by introducing, connecting, and integrating a variety of disciplines.

**Program Goals:** The General Education Program at KSU has four goals. During the course of the program, students should demonstrate the following:

- knowledge and understanding in the General Education areas: Humanities, Fine Arts, Science, Mathematics, Technology, Social Science, and the Essential Skills (written and quantitative skills)
- proficiency in communication
- skills in inquiry, critical thinking, and problem solving through scholarly and/or creative activity across the general education disciplines
- an understanding of ethics, diversity, and a global perspective.

**Course Description:** A study of world literature which explores human experience by examining diverse aesthetic and cultural perspectives from ancient to modern times.
