### **Meet the CEO: Yvonne Byars, PMP**

Founder and CEO of PMXprts, LLC, Yvonne Byars, is an expert in Information technology project leadership. She provides expertise and guidance to a wide range of companies and firms in project management consulting and training. Her company, PMXprts core service offerings include: management consulting, support development & integration, and training & development.

Prior to founding PMXprts, Yvonne worked with Procter & Gamble (P&G), a leading Fortune 100 companies. Throughout her 25 years of working for them, she gained a vast level of experience leading information technology projects. It was that experience that helped her to become the certified Project Management Professional (PMP) that she is today. She has now been working in this industry for over 20 years and as an entrepreneur and business owner. Yvonne would like to be known for not only the services she provides to her client's but also giving back to the community.

Before Yvonne left the corporate world, she reached out to The Edge Connection to gain more insight on entrepreneurship. To determine if owning her own business was the route she needed to take, she decided to enroll in our Exploring Entrepreneurship course. The class is what she needed to start her business adventure. From then on, The Edge Connection was a game changer for her. Yvonne states, "They challenged and educated me to prepare for my success".

It was through the Edge Connection that Yvonne learned about Leadership Cobb, a highly competitive and prestigious leadership development program. Yvonne has now been selected for the 2015-2016 class of Leadership Cobb. An educational program that deals with issues and opportunities in the community. Individuals gain knowledge and understanding on a wide range of subjects and critical issues facing the community.

### **PMXprts Vision for the Future:**

"My vision for PMXprts is to grow the company locally, regionally and globally. I want to create a network of project management and subject matter experts to train, staff, and create jobs in the community and abroad."
