How do I become a member of this exclusive society?

The WISE Society was added to the ranks of our supporters this year to advance The Edge Connection’s Women’s Business Center’s commitment to women entrepreneurs. Members will commit to a $1,000 a year* contribution and will be asked to sit on the Edge Connection’s Women’s Business Centers Advisory Council. As a Council member you will help shape and foster an innovative center of excellence committed to women’s empowerment and economic success through microenterprise and small business development.

We invite you to become a member this exclusive society and join us in our important mission. Together we can empower women to take charge and achieve self-sufficiency. Together we can help women uncover their full potential.

Together we can make a difference.

“Women’s Business Centers (WBCs) represent a national network of nearly 100 educational centers designed to assist women with starting and growing small businesses. WBCs operate with the mission to “level the playing field” for women entrepreneurs, who still face unique obstacles in the world of business.”
